Welcome to EKSAQ: Reimagining Education for Every Learner, Teacher, Leader and Classroom

At EKSAQ, we don't just build educational products—we build possibilities. We are a future-focused education technology company helping schools, teachers, and students thrive in an ever-changing world. Powered by Artificial Intelligence and rooted in India's National Education Policy (NEP 2020), our solutions align with the realities of today's classrooms - urban, rural, traditional or tech-enabled. Our commitment extends beyond mere technological integration; we envision a holistic transformation in the educational landscape, fostering environments where innovation is nurtured and individual potential is fully realised.

Our approach is simple yet profound, designed to create a synergistic ecosystem where every stakeholder benefits and contributes to a future-ready generation:

Empower students to become independent, confident thinkers:

We provide **adaptive learning** pathways and develop competencies to prepare students for lifelong success.

Support teachers with real-time tools and insights:

Our **AI-driven** platforms offer educators actionable data and personalised resources, streamlining teaching, learning, assessment and administrative tasks.

Equip school leaders to lead with purpose, clarity, and innovation:

We empower administrators with **strategic tools and development** programs that drive institutional excellence.

Ms. K. Renuka Raju

Chairperson and Managing Director

K. Renuka Raju holds a Master's degree in Education and Allied Professions from the University of Toledo, USA. An innovative and pioneering educational entrepreneur, she has dedicated her career to transforming learning environments and promoting quality education across India.

As the Chairperson and Managing Director of EKSAQ, she leads an EdTech initiative focused on enhancing India's education and skills ecosystem. With over 35 years of experience, she has introduced impactful reforms, championed technology integration, and built sustainable models for teaching and learning. She is also the visionary founder of Lotus National Schools (LNS) in Telangana and Andhra Pradesh — budget CBSE schools known for academic rigor and innovation.

Renuka Raju's thought leadership extends through her publications, participation in national and international forums, and membership in various education committees. Currently, she continues to drive initiatives that align 21st-century learning needs with evolving stakeholder expectations, shaping the future of education and competency development in India.

Our Promise

Vision

Our Vision is to ensure every student has the best education.

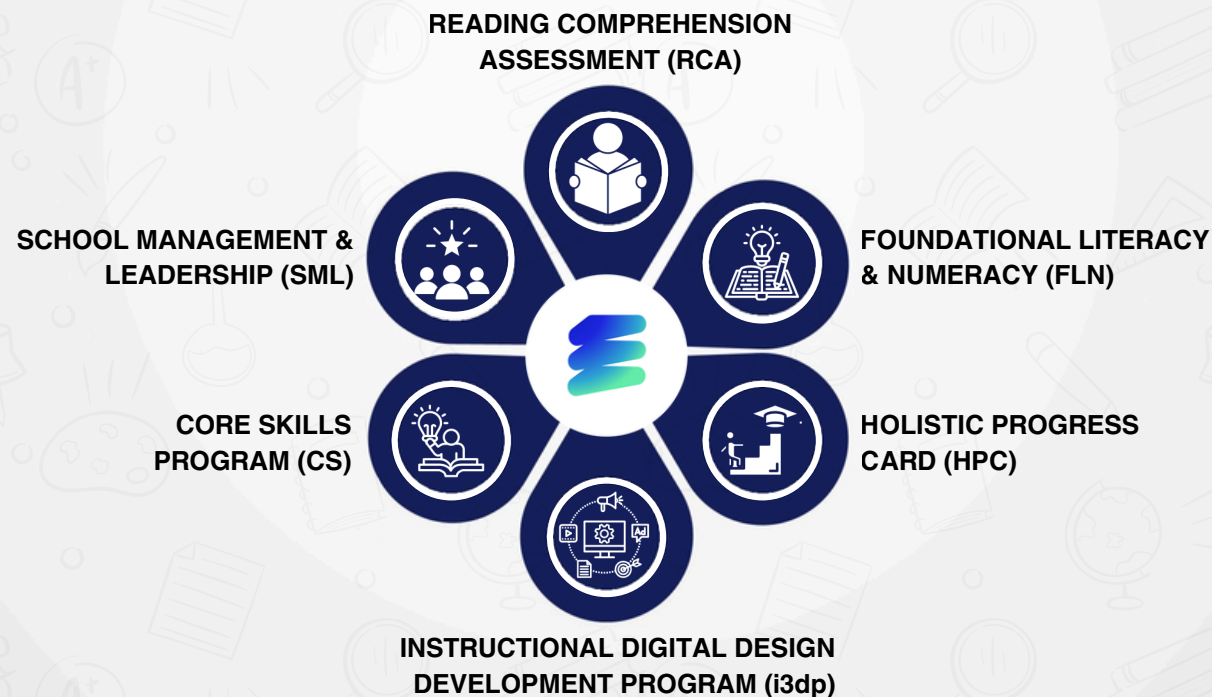

Mission

Our Mission is to empower millions of learners, teachers, leaders, regulators, and parents, by 2030, with competencies to achieve better learning, economic and social outcomes, with unique, differentiated, and patented offerings.

The EKSAQ Product Ecosystem

Every EKSAQ product solves a real-world education challenge and is designed with the core philosophy of enhancing learning outcomes and streamlining educational processes. Our offerings are interconnected to deliver a seamless, 360° learning journey—for learners, teachers, leaders, and parents. This integrated approach ensures that each component of our ecosystem works in harmony, providing comprehensive support and fostering an environment of continuous growth and improvement. We believe in building solutions that are not just technologically advanced but also deeply intuitive and user-centric, ensuring easy adoption and maximum impact in diverse educational setups.

EKSAQ RCA: AI-Powered. Human-Guided. Student-Centred

RCA isn't just a platform, it's a revolution.

Blending powerful AI with the wisdom of visionary educators, RCA transforms reading into a journey of discovery, fluency and confidence to develop student competencies. From decoding words to mastering meaning, RCA builds the core competencies that fuel lifelong learning.

Smart Diagnostics: AI pinpoints gaps. Teachers personalize growth.

VBB Modules: Build vocabulary in context.

Actionable Insights: Real-time data for tailored instruction.

Hybrid Format: Online + In-Class flexibility.

Multilingual Mastery: Supports diverse Indian languages to ensure every learner thrives in their mother tongue and beyond.

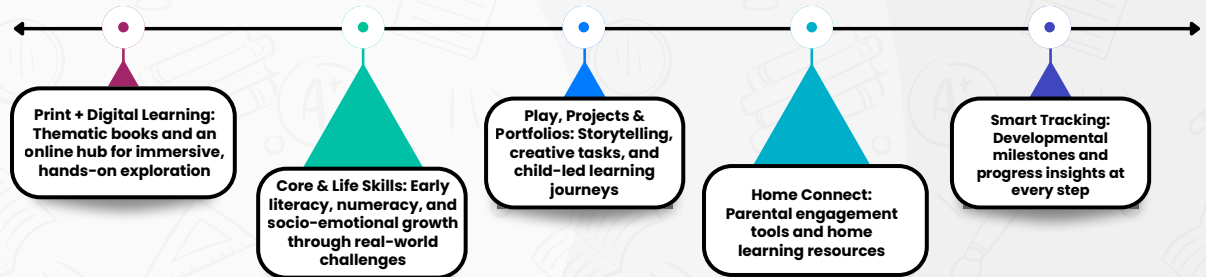

When AI meets human expertise — in every language — every learner wins.

Grades: 1–10 | **Format:** Hybrid (Online + In-Class)

EKSAQ FLN: Foundational Learning for Lifelong Success

A dynamic, multilingual curriculum for ages 3–8, aligned with ECCE & NCF 2023, delivered through interactive books and a digital platform packed with engaging activities across scholastic and co-scholastic domains.

Key Highlights:

Empowering young minds with joyful learning experiences that build strong roots for a thriving future.

Grades: Nursery to Grade 2

HPC: HOLISTIC PROGRESS CARD

A 360-degree, digital assessment system, that meticulously captures not just academic achievements but also co-scholastic, emotional, and physical development. HPC moves beyond traditional grading, offering a comprehensive view of a student's progress and fostering a truly holistic approach to education.

01

NEP 2020 and NCF 2023 – aligned framework

03

Real-time dashboards, rubric-based grading, and data insights

02

Self, peer, teacher, and parent-based evaluations

04

Empowers teachers with a rich, ready-to-use question bank repository for developing student competencies

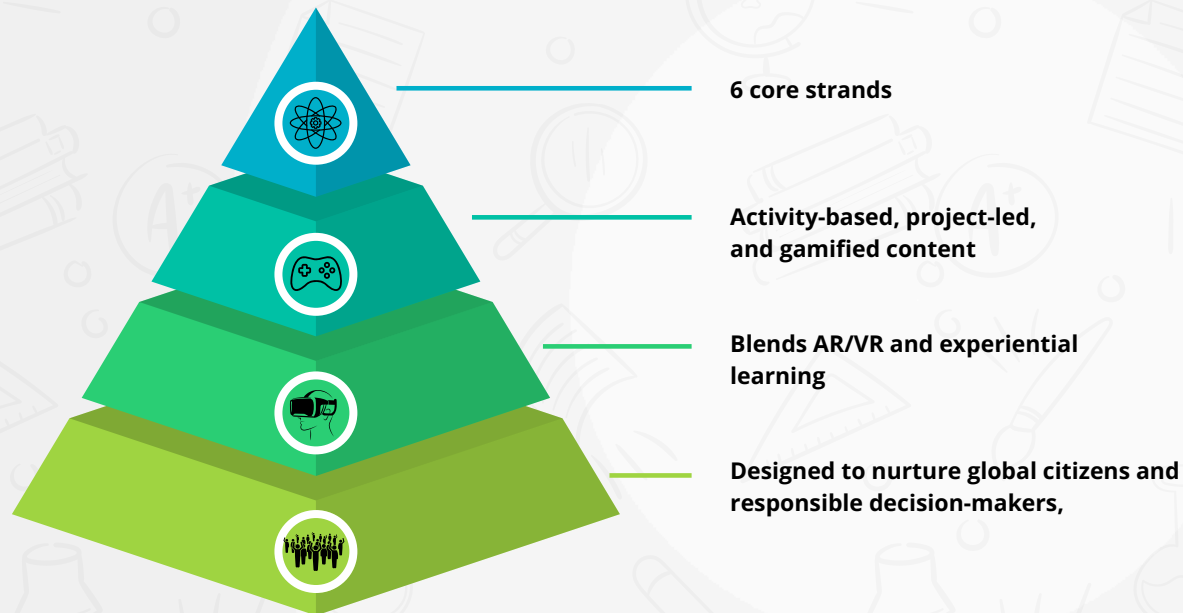

Digital-first = sustainable: This innovative approach has already led to **13,000+ trees saved** by reducing paper consumption and **15 crore rupees reduced in printing costs**, demonstrating our commitment to environmental responsibility and cost-efficiency.

Benefits: Students | Teachers | Parents | Principals – creating a unified ecosystem of support and growth.

CORE SKILLS PROGRAM

A dynamic program designed to empower students to develop critical thinking, collaboration, financial literacy, leadership, and digital skills through immersive modules. CS goes beyond textbooks, nurturing a future-ready generation capable of navigating complex challenges and contributing positively to society.

Think. Lead. Thrive. CS is not just about acquiring knowledge; it's about developing the mindset and capabilities to excel in every aspect of life, preparing students for both academic and personal success.

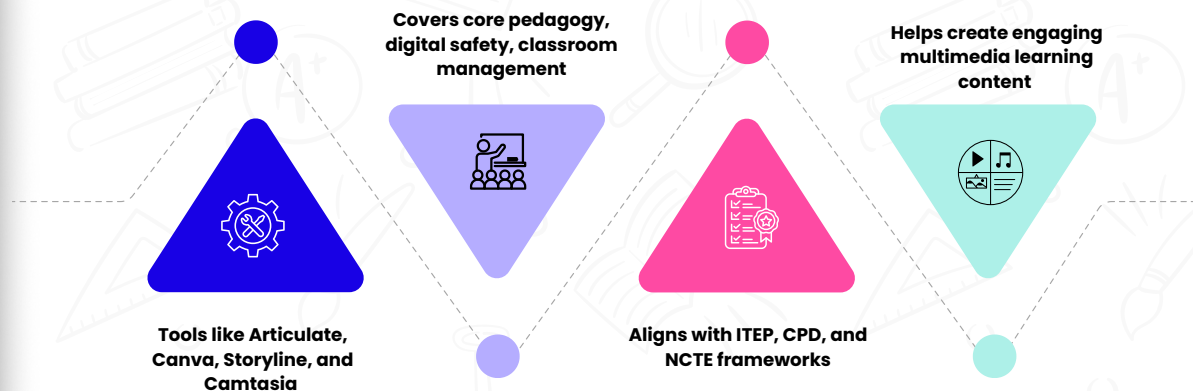

Grades: 1–12

i3dp: INSTRUCTIONAL DIGITAL DESIGN DEVELOPMENT PROGRAM

A hands-on, AI-driven training program that helps teachers master digital tools and instructional design, empowering them to transform their classrooms into dynamic, engaging learning hubs. i3dp equips educators with the skills to thrive in the digital age and create impactful learning experiences.

Certified. Connected. Confident. i3dp fosters a community of digitally proficient educators who are empowered to innovate, collaborate, and inspire the next generation of learners with unparalleled confidence and creativity.

SML: SCHOOL MANAGEMENT & LEADERSHIP

A transformative leadership development program designed for School heads, Principals, and Education Department heads. SML is built to cultivate visionary leaders who can drive holistic school transformation, aligning with national and international benchmarks for educational excellence.

Aligned to NEP 2020 and SQAAP,

01

8 High Interest Areas & 11 Functional Areas

02

Includes mentorship, cohort-based learning, and real-world case studies

03

Practicum, capstone projects, and certification

04

Built for school transformation from the inside out, SML empowers leaders to create sustainable change, foster a positive school culture, and inspire their entire institution towards excellence.

Transforming Education for Every Stakeholder

EKSAQ empowers the entire educational ecosystem, fostering growth and success for all.

STUDENTS

LEARN. THINK. THRIVE.

- Personalized, AI-powered learning paths
- Boost in reading fluency, vocabulary, and numeracy
- Core skills for critical thinking, creativity & communication
- Multilingual, inclusive, and engaging learning journeys

TEACHERS

TEACH SMARTER, LEAD BETTER.

- Digital tools & training with i3dp
- Time-saving assessments & ready resources
- Real-time insights for personalized teaching
- Continuous professional growth

SCHOOL HEADS

LEAD WITH VISION.
TRANSFORM WITH DATA.

- Leadership training through SML
- NEP 2020-aligned digital tools & dashboards
- Reduced admin load, enhanced school culture
- Strategic decision-making support

PARENTS

PARTNERS IN PROGRESS.

- Real-time updates on student performance
- Home learning tools for early education
- Reduced tuition dependency
- Stronger school-home connection

REGULATORY BODIES

POLICY TO PRACTICE. SEAMLESSLY.

Fully aligned with NEP 2020, NCF 2023, SQAAP & SAFAL
Scalable tools for compliance, reporting & audits
Support for national missions like FLN & NIPUN Bharat
Transparent, impact-driven data systems

EKSAQ Implementation Flow (Across All Products)

Efficient, Scalable, Outcome-Focused.

1. Orientation & Planning

- Product demo & stakeholder briefing
- School needs assessment & goal alignment
- Academic calendar integration

3. Baseline Assessment & Activation

- Student diagnostic (RCA/FLN/CS) or leadership diagnostic (SML)
- Custom learner pathways/educator roadmaps generation
- Implementation begins (in-class, hybrid, or home-supported)

5. Progress Tracking & Insights

- Real-time performance dashboards for teachers & school heads
- Parent communication & student portfolios (SLJ/HPC)
- Custom reports for school leaders & regulators

2. Onboarding & Training

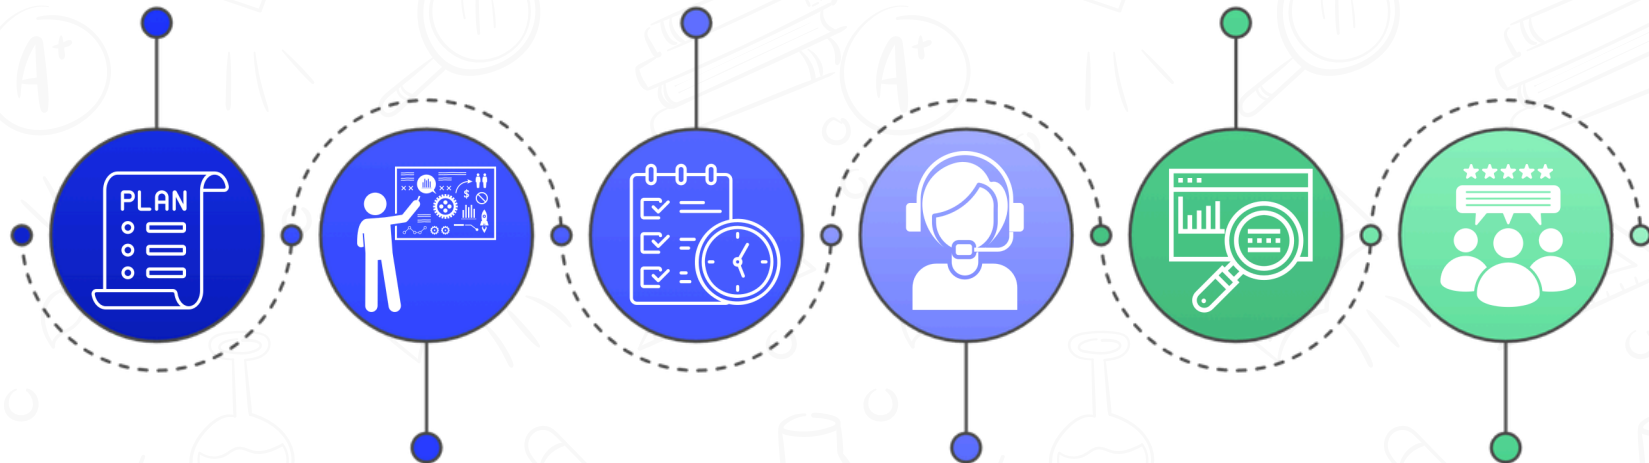

- Teacher & staff onboarding
- Product-specific training (RCA, FLN, HPC, SML, etc.)
- Setup of digital platforms, dashboards, and learner profiles

4. Continuous Support & Monitoring

- Ongoing academic & tech support
- Access to ready resources, templates, and helpdesk
- Classroom integration guidance

6. Review & Impact Showcase

- Mid-term + end-term reviews
- Outcome reports with growth insights
- School success stories, impact data, & certifications
